# Inkjet Material/Pre-sewn Banners

## 100z Inkjet Material

GOOD FOR —  

Designed for Computers

	36"	50"
Gloss White Photomount 4 mil glossy, durable film good for colorful images. 75 foot roll.	\$175.00	\$270.00
White Tyvek Banner 10 mil coated, bright and long lasting. 50 foot roll.	180.00	255.00

## 100z Banner Blanks

GOOD FOR —  

Quick and Economical

We use a 10oz vinyl banner material with a 9x9 polyester scrim for a low-priced, durable banner. Each Banner Blank is double-lock stitched, grommeted and individually boxed for easy stocking and resale. White only.

<b>2' x 6'</b>	\$10.49	<b>2' x 20'</b>	\$23.99	<b>3' x 12'</b>	\$16.89	<b>4' x 10'</b>	\$19.99
<b>2' x 8'</b>	11.49	<b>3' x 5'</b>	10.59	<b>3' x 15'</b>	29.99	<b>4' x 12'</b>	25.49
<b>2' x 10'</b>	12.69	<b>3' x 6'</b>	11.59	<b>3' x 20'</b>	27.59	<b>4' x 15'</b>	31.99
<b>2' x 12'</b>	15.99	<b>3' x 8'</b>	12.79	<b>4' x 6'</b>	14.89	<b>4' x 20'</b>	37.99
<b>2' x 15'</b>	19.59	<b>3' x 10'</b>	14.49	<b>4' x 8'</b>	16.89		

## 100z Ready Rolls

GOOD FOR —  

Banners in an Instant

Each Ready Roll is made of 10oz Printer's Choice material, double lock-stitched and grommeted every two feet. Just cut the length you need and finish the ends with hem tape for a custom size banner whenever you need it. Available in white and yellow. (Also available without grommets. Please specify when ordering.)

24 yard roll	2'	3'	4'
	\$74.00	85.00	125.00

## NEW Welded Ready Rolls

GOOD FOR —  

Same as above, except intense heat is used to provide an extra strong finish to the material. Ungrommeted. Available in white and yellow.

24 yard roll	2'	3'	4'
	\$85.00	95.00	135.00

# Banner Finishing

## Banner Finishing for Every Application...

### Quality That Stands the Test of Time

Aksarben Sewing & Supply specializes in custom banner and signage construction and finishing.

#### **A Hem**

1" fold over hem with no reinforcement. Recommended for indoor or wall mounted installations.

#### **B Rope**

Three-ply twine is sewn into the top and bottom of the banner with standard 5' ties for easy securing.

#### **C Webbing**

Flat 1" woven polypropylene webbing is sewn into all four seams of the banner with 5' extensions for securing. A much stronger alternative to rope.

#### **D-Rings**

Same as webbing style 'C' but with welded steel, zinc plated D-Rings in the corners for attaching bungee cords or rope.

#### **E Webbing Reinforcement**

Webbing sewn into all four seams provides an extra strong finish with no extensions.

#### **F Reinforced Corners**

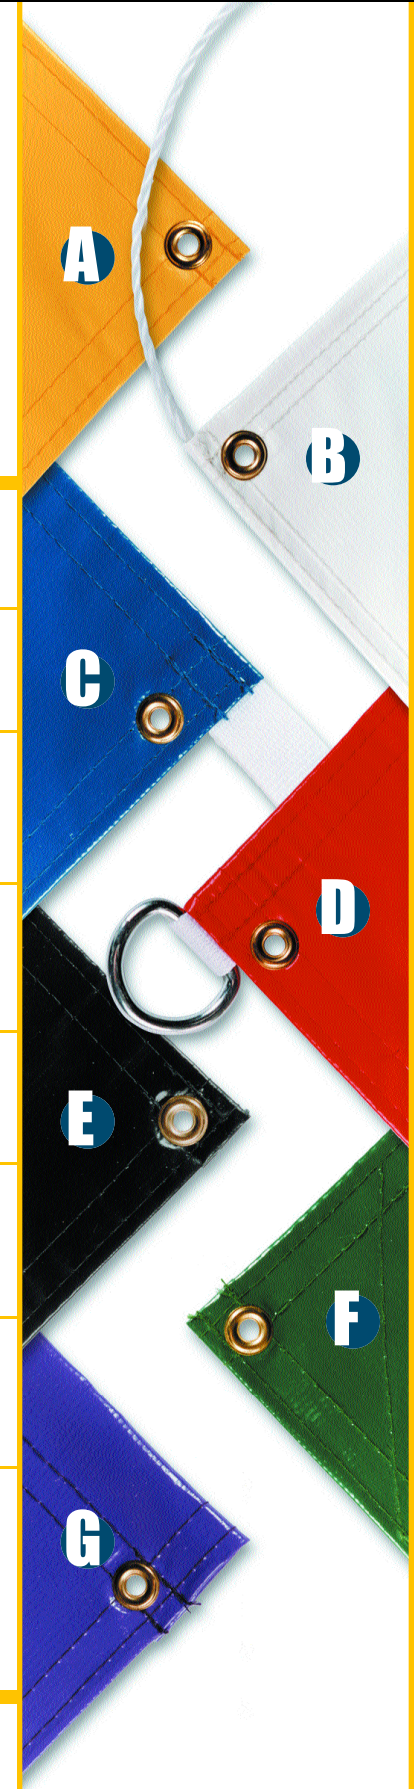

Triangle of heavy-weight material is hemmed into banner corners to provide extra strength where it is most needed.

#### **G Pole Pockets**

A fold in the material is hemmed creating a 1<sup>3</sup>/<sub>4</sub>" opening so the banner can be hung from a standard 1/2" conduit.

#### **H Weld**

Intense heat is used to "weld" a heavy-weight material onto the edges of the banner creating a more durable finish than the standard hem.

# Banner Material

## 100z **GOOD FOR** — **Printer's Choice**

"Lay-flat" Surface Great for Vinyl Lettering

Medium-weight material with smooth, "lay-flat" surface is great for vinyl lettering and screen printing. Available in white, black, yellow, red, blue, neon pink, neon green, neon yellow and fluorescent orange.

Material width	per/ft.	40 yard roll
26 inch	\$0.85	\$63.00
36 inch	1.00	84.00
48 inch	1.30	115.00
54 inch	1.40	125.00
61 inch	2.10	215.00
74 inch	2.00	168.00

Not available in 54" and 61"

Available in 36" and 61" only

Available in 54" only

## 100z **GOOD FOR** — **Enamel Receptive**

Special Coating Grabs Inks and Vinyl

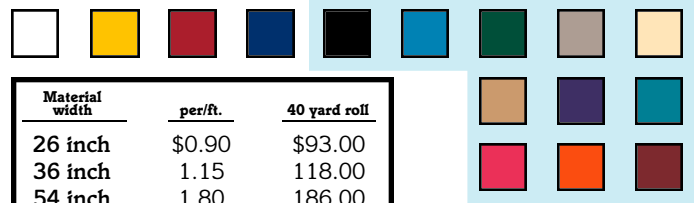

Our 100z Enamel Receptive helps ink dry and vinyl letters adhere. A special coating on one side grabs your lettering or visuals and holds them in place. Recommended for nearly all banner applications. Available in white only.

Material width	per/ft.	40 yard roll
26 inch	\$1.40	\$145.00
36 inch	1.60	165.00
54 inch	2.15	220.00
74 inch	3.30	340.00

## 130z **GOOD FOR** — **Show Off**

High-gloss Surface Makes Visuals Pop

Great choice for durable banners in a wide range of colors. This high gloss material is ideal for screen printing and pressure sensitive vinyls. Available in white, black, yellow, red, dark blue, light blue, green, gray, ivory, beige, purple, teal, fuschia, orange and maroon.

Material width	per/ft.	40 yard roll
26 inch	\$0.90	\$93.00
36 inch	1.15	118.00
54 inch	1.80	186.00
61 inch	2.00	210.00
72 inch	2.25	235.00

Available in 61 inch width only

## 160z **GOOD FOR** — **Ultra**

Ultra-strong 3-layer Construction Perfect for Outdoors

The ultimate in banner materials. Heavy-weight vinyl material is double-sided and enamel receptive with a buffer to "block out" light from shining through your banner. A perfect choice in outdoor applications requiring strength, opacity and reliable adhesion of paint, pressure sensitive vinyls or screen printing. Available in white, red and yellow.

Material width	per/ft.	40 yard roll
26 inch	\$1.50	\$155.00
36 inch	1.70	175.00
48 inch	2.25	235.00
74 inch	3.50	360.00

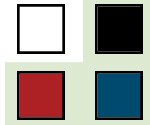

## 160z **GOOD FOR** — **Supreme Block Out**

Super-strong, Perfect for Outdoor Vinyl & Screen-printing

An extremely durable material similar to our 160z Ultra. Accepts vinyl lettering and screen printing, so it's great for outdoor use. Not recommended for enamel paints. Available in white, black, red and blue.

Material width	per/ft.	40 yard roll
26 inch	\$1.40	\$145.00
36 inch	1.60	165.00
54 inch	2.15	220.00
72 inch	3.30	340.00

Not available in 26" and 54"

## 8mil **GOOD FOR** — **Promotional**

Low-Cost, High-Volume Indoor Applications

This one-sided polyethylene accepts vinyl lettering, screen printing and enamel paints. Recommended for short term indoor use. Available in white only.

Material width	per/ft.	40 yard roll
38 inch	\$0.50	\$52.00
50 inch	0.65	67.00

# Custom Banner Sewing

## Quality & Finish that Leave a Lasting Impression

*Custom Sewing*  
Proven Performance

All of Aksarben Sewing & Supply's banners are finished with brass grommets, color matched thread and double-lock stitching for appearance and strength that surpasses the competition.

## How to Price your Custom Banner

Using the table below, find the value of the material at the width you'd like, add it to the value of the Finishing Style, and multiply by the length.

Example: 36"x10' Show Off purple with D-Rings

$$2.4 + 1.6 \times 10 = \$40.00$$

### Banner Width Values for Pricing

# Tapes

## Custom Tape for Your Custom Banners

Don't make do with factory set tape widths when you can get custom sizing at Aksarben Sewing & Supply. Just tell us the width you need and we'll cut to your specifications.

Our custom trim process allows us to tailor tape to your needs...at no extra charge. Call us and we'll help you determine your best options.

## Hem Tape

The highest tac hem tape you can buy. Double-sided and designed for hemming your own banners. 36 yard roll.

\$7.50  
inch

## Hem Banners without sewing

### Step 1

Apply tape along the edge of the banner, and remove liner to expose adhesive.

### Step 2

Fold the taped edge over and squeegee down to secure.

# Tapes

## Application Tape

- CT 1000 Series. Our most popular application tape. 100 yards.
- CT 2000 Series. Heavier backing paper for situations requiring less sag. 100 yards.

		per 1 inch	48" log*
CT1007	Low tac	\$2.20	\$93.00

For general use.

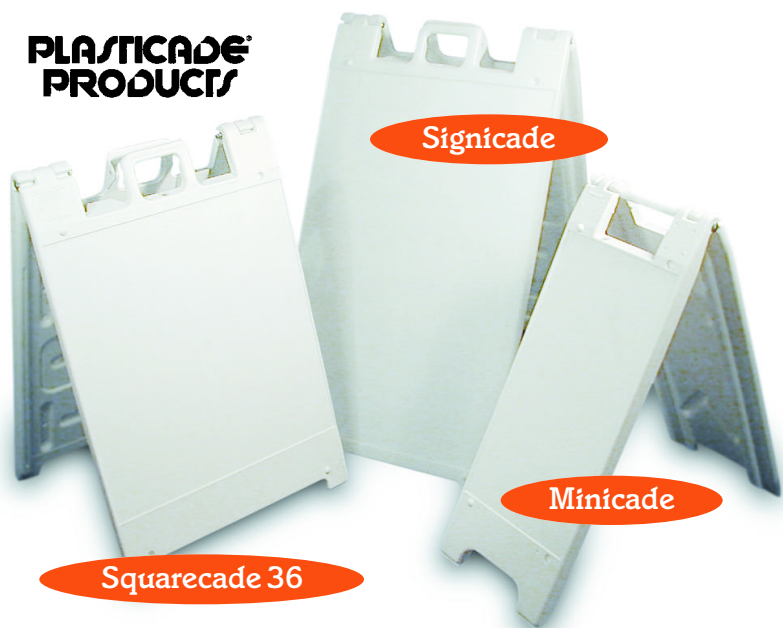

**\$1.25**  
inch

## Plasticade A-frames

Daily or Special Signage Needs

Plasticade A-frames may be just the solution you need for a retail or storefront location. 100% plastic construction eliminates rust, splinters and painting.

- Attractive, durable and lightweight
- Vinyl-ready...apply graphics and letters directly to face
- Change sign faces quickly and easily with screw-in fasteners
- Can be internally ballasted with sand or water to withstand wind
- Integrated handle for easy portability
- "Click-Lock" hinges ensure sturdy set-up
- Arrive fully-assembled

	Dimensions	1-5	6-11	12+
Minicade	24"x12"**	\$35.50	\$33.50	\$31.50
Squarecade 36	24"x24"**	49.50	47.50	45.50
Signicade	36"x24"**	53.50	50.50	47.50

\*Size of recessed sign face area

## As versatile as your customer's needs

Get the most out of Plasticade A-frames with our sign face blanks. Use well nuts or adhesive backed Velcro for a changeable sign in a snap. Choose from lightweight corrugated plastic or reversible dry erase/chalkboard blanks.

### Corrugated blanks

	2-pack	10-pack
Minicade	\$4.00	\$16.25
Squarecade 36	6.00	25.00
Signicade	9.00	37.50

### Dry erase/ chalkboard

	2-pack	10-pack
Minicade	\$8.00	\$32.50
Squarecade 36	12.00	52.50
Signicade	16.00	67.50

### Well nuts

Bag of 20

**\$10.00**

**FREE  
Funnel!**

### Wind Resistant

Ballast signs with sand or water.  
(Holds up to 10 pounds internally.)

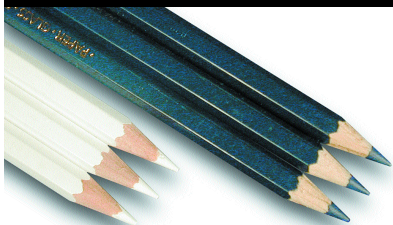

### How to install a changeable sign face

- 1 Drill 1/2" holes into the face of the A-frame.
- 2 Insert Well Nuts and position the sign face blank.
- 3 A few quick turns of the screwdriver and you're done!

# Supplies
