

Freakishly Strong Banners

Start Saving Today!

No longer do you need to stock various size banners. Save time & money.

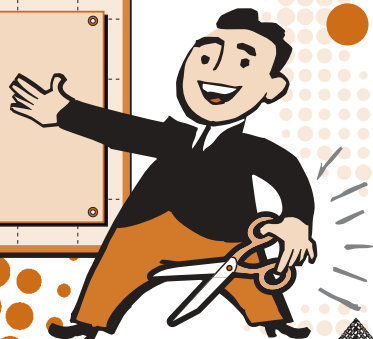

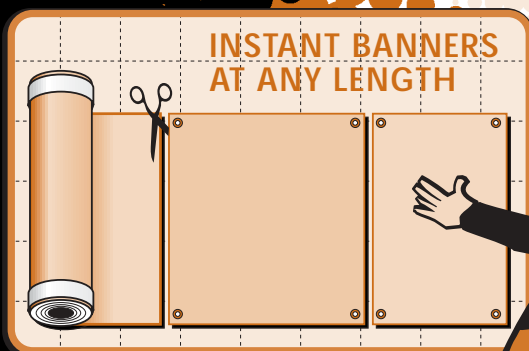

Along with new technology comes a **revolutionary** new banner product.

Heat bonds webbing to the banner, creating a durable frame.

Make custom sized banners in seconds!

- By heat welding a special webbing to the backside of banner material an **exceptionally strong** and **super smooth**, stitch-free banner is produced that **won't stretch**.
- Apply vinyl graphics from **edge to edge** without the hassle of a rough, hemmed surface.
- Have the peace of mind of knowing you're selling a **superior banner** that will outlast any traditionally sewn hemmed banner.

Less Labor Quick & Easy

- With a **Ready-Roll** you only cut what you need, install grommets, and you're finished. Easily create custom-sized banners on-demand in literally seconds!
- Welded banners are very **cost effective**. With **less labor** and **reduced inventory** you can be more competitive.
